Hitchrack

Date of Birth: 03/21/2016

Hitchrack is a gorgeous Saddlehorn son out of our Inca Captive cow. She broke one horn off as a two year old but has tremendous twist at her age and had over 40" measurement from the tip of her good horn to the center of her forehead at age 4. Hitchrack's horns lean back strong like his fathers. He has good length of body. Also he has the rare deep blue color coming in around his eyes. We are putting him out with about 35 cows for the
